September 15, 2025

The Honorable John Littel Chief of Staff to Governor Youngkin P.O. Box 1475 Richmond, VA 23218

Dear Chief Littel,

The Office of the State Inspector General Directive 001 was created in accordance with *Code of Virginia* § 2.2-309 to provide Oversight of State and Specific Nonstate Agencies' Internal Audit Programs. The directive requires all executive branch state agencies and institutions with internal audit functions to submit to OSIG the documents that follow in this report.

Please contact me at 804-625-3255 or michael.westfall@osig.virginia.gov with any questions. I am also available to meet to discuss the reports at your convenience.

Sincerely,

Michael C. Westfall, CPA

State Inspector General

Mild Cuty

cc: Justin Vélez-Hagan, Deputy Chief of Staff to Governor Youngkin

Kate Stockhausen, Assistant Deputy Chief of Staff to Governor Youngkin

Cabinet Secretaries and their requested staff

The Office of the State Inspector General (OSIG) Directive 001, in accordance with *Code of Virginia* § 2.2-309, requires all executive branch state agencies and institutions with internal audit functions to submit to OSIG the following documents:

- Audit charter.
- Risk assessment.
- Annual audit plan.
- Most recent external quality assessment review.
- Audit reports.
- Special projects and investigations.
- Status of corrective actions.

Code of Virginia § 2.2-309 requires OSIG to coordinate and require standards for all executive branch state agencies and institutions with internal audit functions to ensure that the Commonwealth's assets are subject to appropriate internal management control. There are 31 executive branch agencies with an internal audit program.

All of the agencies follow the Institute of Internal Auditors Standards for the Professional Practice of Internal Auditing. The Standards require the internal audit programs to go through an external assessment process every five years to ensure they are in conformance with all IIA Standards. The core documents that the IIA requires to be completed are the charter, risk assessment, audit plan and the quality assessment review. The following charts and graphs show internal audit programs by Secretariat, as well as whether a charter, audit plan, and risk assessment were submitted to OSIG, and whether a quality assessment review was performed during the last five years as required by IIA Standards.
